

- Only students with an assigned parking permit may drive to school. Each student driver must have a valid California Driver's License, current vehicle registration, and automobile insurance required by the state. A copy of the license, registration and insurance, along with a paid parking fee must be provided for the office before receiving a parking permit. Students must assume liability for property damage. Students must drive carefully, and obey all state and school traffic laws. Parents will be notified of safety infractions, and driving privileges may be affected.
- Students may only park on campus in assigned spaces, and only in cars that are registered in the office, unless a temporary parking permit is requested. Cars may not be backed into assigned spaces, and must be parked between the lines. Overnight parking is not allowed except with special permission. Not following all requirements and policies may result in the forfeiture of parking privileges.
- When an assigned spot is taken at the high school campus by someone other than the permit holder during school hours, the student should park in an unmarked space and then proceed to the office to get a temporary parking permit. The temporary parking permit is good for that day only, and should be placed on the vehicle's dash board.
- The parking permit sticker must be affixed to the inside of the lower rear window on the driver's side of the registered car. If more than one vehicle will be parked at the school, please provide the office with all required information for any and all vehicles that will be used. Temporary permits may be used in lieu of additional stickers for vehicles driven only on rare occasions by students with permits. Parking permit spaces and stickers are assigned by the office to individual students, and may not be given away or transferred by other parties.
- The maximum speed limit on both campuses is 10 mph. Vehicles are not to pass buses on campus or on Combie Road. Upon arriving at the school campus, all radios, music, etc. are to be turned off. Students are not to sit or congregate in the parking lot. Cars are off limits to students throughout the day. A pass from the office is required for any student going out to his or her car for any reason. Students will not be allowed to leave school during school hours without written or verbal notice from a parent.
- By parking on school campus, you automatically authorize consent for FLCS staff to request your vehicle to be opened and searched if need be.

Parking Permit Purchase Contract and Cost

Single Space \$60.00/Double Space \$50.00/Remote Lot \$45.00

Parking spaces will be assigned. Students will receive a parking sticker once the registration paperwork has been turned in, and the parking fee has been paid in the high school office. Permits will not be issued until all requirements are met. There are no exceptions to this rule. Only smaller vehicles will be allowed in double spaces. Large vehicles will need to purchase a single space or a remote space.

Note - Permits are not transferable between cars or other students!

FLCS STUDENT DRIVER REQUIREMENTS

1. Students must possess a valid driver’s license, up-to-date vehicle registration, and valid insurance at the time of application. Copies of these must be presented at the time of purchase. Learner’s permits are not acceptable.
2. Students who are driving to school must drive and park carefully. Parking Permit Policies are included with this form. Parents may be notified of safety infractions, and on-campus driving privileges may be affected.
3. The maximum speed limit on both campuses is 10 mph. Vehicles are not to pass buses in the parking lot, or on Combie Road.
4. Students must assume liability for property damage. The vehicles must have sufficient and current insurance according to California State Law.
